

Art To Frames — Designer Spec Sheet

HD Expo 2026 • White-label framing • Exact specs • Fast in-house production

What We Support

- Hospitality, residential, commercial, office, and multi-unit projects
- White-label direct-to-client fulfillment or ship-to-designer options
- Consistent sets for installs (matching finishes, mats, and glazing across rooms)
- Custom sizes, collage layouts, and multi-opening designs

Spec Checklist (Send Any / All)

- Artwork size (W x H) and orientation; include bleed/crop notes if needed
- Desired finished frame size (if different from art size)
- Frame finish: wood tone / black / white / metallic / reference photo
- Matting: single or double mat, colors, and border width
- Glazing: standard / anti-glare / UV / acrylic vs glass
- Mounting and backing requirements (archival options available)
- Quantity and grouping (sets, room counts, consistency requirements)
- Timeline + ship-to location (designer or client)

Designer Workflow

- You send specs or inspiration → we confirm edge cases (glazing, mat depth, fit)
- We produce in-house → quality check → pack for safe transit
- We ship white-label (optional) and support multi-piece coordination
